LITTLE FLOWER ACADEMY ANNUAL IMPROVEMENT REPORT FALL 2015 TO FALL 2016

Dear Parents and Carers,

It is with great excitement that Mrs Deborah and I bring you our **Annual Improvement Report**. There have been many changes and enhancements since last year's report. Striving for dedicated and motivated staff has always been central to our agenda. We have been successful in achieving this and are proud to employ our committed workforce. Our workforce not only brings a wide level of experience, but also the professionalism required to enable Little Flower to flourish. We would like to take this opportunity to **THANK** all of the workforce of Little Flower Academy for their hard work and commitment.

There has been improvements both the learning and physical environments and these include:

- *Improved accessibility, security and safety with the addition of remote access, an additional exterior visual panel and 'Pick up' codes*
- *A much needed new flat roof and shingles*
- *Refurbished lobby/welcome area and Office*
- *New 'daylight' perimeter exterior lighting*
- *Car Park flood lighting*
- *Strong implementation of our state approved curriculum 'Learn Everyday'*
- *Healthier and Nutritious Menus promoting 100% Whole Grain foods and greater variety of Fruit and Vegetables*

PROVISION EVALUATION – Security and safety has been strengthened with the addition of access remotes and pick-up codes. Children are happy as they go about their daily activities with few incidents of anxiety, distress or challenging behavior. Our curriculums, Learn Every Day and Baby Dolls, have supplemented staff knowledge and confidence to provide a wide and varied learning experience. Consequently, children are enthused and engaged producing outcomes that are generally expected, or at times exceeding, their specific age range. Physical enhancements of have not only ensured Little Flower Academy is fit for purpose, it ensures visitors enter into a welcoming environment. The revision of daily Menus provides a varied and nutritious diet for children. This not only exposes them to try new foods but successfully meets the requirements stipulated by Florida Health.

We hope to conclude this school year with our **Open House Conference** on **Wednesday 21st December from 11.00am** this will allow you to have quality discussions with your child's teacher about your child's learning and progress. Mrs Deborah and I would like to thank all of the Little Flower Community for your continued support and look forward to further improvements over the coming year.

Kind Regards,

Mr Jason
